School enrolment zones stop schools from getting overcrowded, and give children who live in the school area (the zone) a guarantee that they can go to their local school.

WHAT DOES ZONING MEAN?

In a nutshell, zoning means:

- Children who live in the school's area (the zone) are guaranteed a place at their local school.
- If the school has extra places, children who live outside the zone can apply for those places.
- If the school has zoning you need to give an address within this zone when you apply to enrol your child. This must be your usual place of residence. If the school finds that you have given false information, they may cancel your child's enrolment.

Not all schools have zoning.

WHAT IF I WANT TO ENROL MY CHILD AT A SCHOOL, BUT I'M NOT IN THEIR ZONE?

Each year, schools are required to put a notice in a local newspaper saying:

- how many out-of-zone places are likely to be available
- the closing date for applications for these places
- any ballot dates for out-of-zone places.

However, you can contact a school at any time to ask about zoning and have them send you an enrolment pack which will have important dates.

HOW DOES THE APPLICATION PROCESS WORK?

Applicants are accepted in the following order as dictated by legislation with no exceptions:

1. first priority must be given to any applicant who is accepted for enrolment in a special programme run by the school
2. second priority must be given to any applicant who is the sibling of a current student of the school
3. third priority must be given to any applicant who is the sibling of a former student of the school
4. fourth priority must be given to any applicant who is a child of a former student of the school
5. fifth priority must be given to any applicant who is either a child of an employee of the board of the school or a child of a member of the board of the school
6. sixth priority must be given to all other applicants.

If the board receives fewer applications than there are places available all applicants will be enrolled.

WHAT IF THERE ARE MORE APPLICANTS THAN PLACES?

The school must hold a ballot (draw) to fill the places available, and create a waiting list for applicants who are not successful in the ballot. Within 3 school days of the ballot happening, the school must post letters informing applicants of the outcome of the ballot. Successful applicants then have 14 days to confirm they accept or reject the offer of a place. If they don't respond within that period, the place will be offered to the first person on the waiting list established by the ballot. The Secretary of Education's instructions to schools are that siblings at the same year level should be kept together for the purpose of the ballot, so that if one sibling's name is drawn, the other is automatically successful also.

WHAT IF MY APPLICATION ISN'T SUCCESSFUL?

The school will put you on a waiting list, and tell you your place on the list. If a place comes available and you are first on the list, the school will let you know, and you will have the option of accepting or rejecting the offer of the place. The waiting list expires when the next ballot is held. Meanwhile, you will need to enrol your child at another school.

Each year In Zone applications for enrolment in the following year will be sought by a date which will be published on our website and in a community newspaper local to the school. This enables the Board of Trustees to assess the number of places that can be available to students who live out of zone.

IN ZONE ADDRESSES

In conjunction with the Enrolment Scheme, Remuera Intermediate operates a school zone. All students who live in the school zone are entitled to attend Remuera Intermediate.

The School Zone map can be viewed on our website www.remint.school.nz to gain a pictorial idea of the School's zoning boundaries in addition to a detailed Zone Description. Please also refer to the In Zone Address List below for boundary and address details.

The information on this form is collected and used by the school to provide education for your child, and it is also used for associated school activities. It is available to all staff of the school and to members of the Board of Trustees. We ask that you please advise the school if you have any concerns about disclosure of any specific information within the school. The information we collect and/or share for the purposes of supporting your child's education is outlined below.

STATEMENT OF PURPOSE

In accordance with the Privacy Act 2020 the information you provide in relation to your child's enrolment, and subsequent information and other personal information collected and recorded from time to time by Remuera Intermediate, is collected for the purposes of:

- the Board and/or the School meeting the obligations under the Education and Training Act 2020;
- providing for the student's education;
- recording and maintaining student records of academic progress and achievement;
- reporting to caregivers/parents;
- providing and accessing accurate information to and from other education providers to ensure positive and safe student transfer;
- recording and maintaining accounts;
- communication with Caregivers/Parents;
- the school is sometimes obliged by law to give information to government departments (e.g. Ministry of Education and Ministry of Health) but it will not otherwise be disclosed without your authorisation.

In Zone Statutory Declarations

(to be completed by in zone applicants only)

You are reminded that to make a false declaration is a criminal offence. The address given at the time of application for enrolment must be the student's usual place of residence when the school is open for instruction. The Ministry of Education has advised that parents should be warned of the possible consequences of deliberately attempting to gain unfair priority in enrolment by knowingly giving a false address or making an in zone living arrangement which they intend to be only temporary. For example:

- Renting accommodation in zone on a short term basis
- Arranging temporary board in zone with a relative or family friend
- Using the in zone address of a relative or friend as an 'address of convenience' with no intention to live there on an on-going basis

If Remuera Intermediate learns that a student is no longer living at the in zone address given at the time of application for enrolment, and has reasonable grounds to believe that a temporary in zone residence has been used for the purpose of unfairly gaining priority in enrolment at the school then the Board may review the enrolment. Unless the parents can provide a satisfactory explanation within 10 days, the Board will annul the enrolment. This course of action is provided under Section 110(A) of the Education Act 1989. Remuera Intermediate may actively collect information to ensure that enrolment data provided is accurate.

I do solemnly declare as follows:

1. That the information contained in this application is true and correct in every respect
2. I confirm that the address which I have provided to Remuera Intermediate School will be the usual place of residence of (Student's name) when the school is open for instruction. ie. First day of term 1.

I will advise the school of any subsequent change of address.

I make this solemn declaration conscientiously believing the same to be true and by virtue of the Oaths & Declarations Act 1957.
